

## Marseille Imaging Institute

The "Marseille Imaging" institute is launching its "Platform 2025" call for projects in order to develop the attractiveness of imaging laboratories and platforms, promote innovation, co-design and interdisciplinarity in imaging, and support and promote imaging platforms in the field of research and teaching.

The institutes are structures of the University of Aix-Marseille supported by AMIDEX funding. The use of the financing is therefore governed by the AMIDEX financial rules and subject to evaluation. translation.

The total budget allocated to the call for project in 2025 is €120k.

### Type de project

- Funding project "Research" in biological and/or medical imaging
- Funding project "Training" in biological and/or medical imaging

### Eligible Criteria

- In accordance with the missions of the Marseille Imaging Institute, the equipment must participate in the development of biomedical imaging activity on the site
- The imaging equipment must be innovative and allow for shared use.
- Platform: involves at least 1 laboratory/unit that is a member of the Marseille Imaging Institute.

### Eligible Expenses

- Funding of one or part of a biomedical imaging equipment
- Funding: 10-30k€ maximum, can be co-financing

### Documents

- Application Form « IMAGING – AAP Equipement 2025 – form » duly completed.
- Forms must be sent by email to : [cecile.lavoute@univ-amu.fr](mailto:cecile.lavoute@univ-amu.fr) (before April 30, 2025)
- The form must be accompanied by **a valid quote including delivery and management costs.**

## Conditions d'engagement

- FUNDING
  - Expenses must take place before December 01, 2025.
  - After receipt of the order, the holder must send as soon as possible the delivery note (with his name, dated and signed) as well as the Entry Form of the Good (completed) which will be sent to him with the order form relating to his request.
- IMPACT & VALORISATION
  - The holder undertakes to respond to all requests from the Marseille Imaging Institute on the impact of the financing of the equipment
  - Project leaders will be asked to present projects related to the purchase of this equipment during the scientific days of the Marseille Imaging Institute in 2026.
  - Publications must be deposited in the A\*Midex HAL AMU collection, the University's open archive.
  - All publications and scientific communications of work that have benefited from the financial support of the Marseille Imaging Institute must mention it in the acknowledgements using the reference: **AMX-19-IET-002** and the **logo** of France 2030 and the institute:

« Ce travail a reçu le soutien de l'État français dans le cadre du plan d'investissement France 2030, dans le cadre de l'Initiative d'Excellence d'Aix-Marseille Université - A\*MIDEX (**AMX-19-IET-002**) ». "The project leading to this publication has received funding from Excellence Initiative of Aix-Marseille University - A\*MIDEX, a French "Investissements d'Avenir" programme (AMX-19-IET-002)".

## Evaluation

The forms submitted will be evaluated and ranked by a Selection Committee with experts from outside Aix-Marseille University according to 5 criteria scored out of 4.

- Criterion 1: Relevance to imaging
- Criterion 2: Innovation
- Criterion 3: Impact of funding for the platform
- Criterion 4: sharing of the equipment of equipment
- Criterion 5: Potential leverage effect on other fundings

*In the event of a tie between two proposals, criteria 2 and 4 will prevail.*

## Save the dates

- Submission of submission forms before April 30, 2025, 11:59 p.m. (Paris time) to the email address: [cecile.lavoute@univ-amu.fr](mailto:cecile.lavoute@univ-amu.fr)
- Results : **20 juin 2025**
